STOVES! STOVES!

We have on hand and are constantly man-

ufacturing the justly celebrated

"BANNING STOVE,"

Which has stood the test of years in our

winter climate as the most

ECONOMICAL, DURABLE, BEAUTIFUL,

STOVE.

Ever offered to the citizens of St. Paul.

We are proud to be able to give below

the recommendation of the original inventor, W.

F. Banning, Esq.

Citizens about purchasing stoves are invited

to call at Store and Factory, where the above

Stove can be seen, and the superior qualities

over any other Stove manufactured in the city

explained.

JOHN E. MILLION & CO.,

Third Street, opposite site of old American

House.

Take great pleasure in recommending to you

citizens the new stove made by J. E.

Million & Co., of St. Paul. This has been

largely engaged in the manufacture of

stoves ever since their first introduction,

and fully satisfies all the requirements of

durability and beauty, three great merits

in a stove.

I believe fully proved their

advantage over all other wood stoves used

for heat.

The new stove, however, is not

subject to the disadvantages of

strain and form, and the manner of their construction

is far superior to any other.

THE RESULTS OF THE ELECTION.

We have now returns, more or less complete, from every County in the State, except Mower, Houston, Waseca, and three or four sparsely peopled counties, Pine, St. Louis, Watonwan, &c. We therefore reprint the table which we published yesterday, with the important corrections which later and later reports enable us to make. We, yesterday, upon the faith of reports received before election, conceded McLeod County to the Democrats, by 20 majority. It has instead given a Union majority of 61—gain of 56 over last year.

Nicollet County gives only from 100 to 120 Union majority—a loss of about 50.

On the other hand, Freedmen gives a Union majority of about 40—a gain of 122; and Faribault County gives a Union majority of about 500—a gain of 313.

Sibley gives 275 Democratic majority instead of 253.

These and other unexpected gains raise the Union majority in the State, as far as heard from, to 7,232, and the returns from Houston, Waseca and Mower will undoubtedly add something to this result. Glory enough!

CLOSE OF NAVIGATION.Extraordinary Low Water—
The Business of the Season—New Bouts
Built.Detailed Statement of the Arri-
vals—Wharfage—Compar-
sons with Former
Years, &c.

Owing to the low stage of water the river closed suddenly on Friday by the formation of a gorge near Hastings. All branches of business have been seriously affected during the two past seasons by the extraordinary drought which has prevailed, and the consequent difficulties of navigation.

The small quantity of moisture which has been deposited has enabled good crops to be raised both years but the rains have been so light as to be scarcely perceptible on the river. In view of the probable continuation of the world another year it would not be uninteresting to know that this section of country has not always, nor uniformly been as dry as during '63 and '64. From 1837 to 1862, a period of twenty-five years there was but one drought in Minnesota and that was in 1836. The drought in that year was not seriously felt for the little rain that fell was tolerably well distributed through the summer months and indeed the drought seems to have been local and to a considerable extent limited in its range. In 1852 there was also, a partial local drought in June and August but alternately, with a plentiful supply of rain in May and July.

Last year the river opened at a fair stage, but fell rapidly and after a month the large boats were compelled to retire and leave the smaller craft to monopolize the business at this end of the line. The "June rise," so much talked of, did not appear, and the river closed at an extremely low stage. The fall of snow in the upper country, during the winter, having been light, the usual stage of water was not reached last spring, and the river opened with but three and a half feet on the bars. It soon fell, however, and after forty days of navigation, the large side-wheelers disappeared from our levees, and gave place to the medium-size stern-wheelers, which, later in the season, gave way to still more diminutive boats. The traveling, as well as business portion of the public have been sorely afflicted by the inconveniences which necessarily ensued. There have not been a time of the travel which would have taken place if the larger class of boats had made the season through, or any considerable portion of it, and thousands who would otherwise have visited our State for homes, health or pleasure, have been deterred from so doing. Judging from the past twenty-five years, we have reason to hope for a better order of things another season, but all calculations have so signally failed of late, that the hope may prove a delusive phantom.

LENGTH OF THE SEASON.

The first boat through Lake Pepin in 1864 was the Hawkeye State, from St. Louis, which reached our levee on the 14th of April, and the last one to depart was the little Monitor, which left on Friday, the 11th of November. This makes the season 211 days, which is exactly the length of the season of '63. Last year it was 22 days longer, and but three times since 1819 (in 1852, 1856 and 1857) has it been shorter than in 1864.

The first arrival from the Minnesota river was the Ariel, which reached here on the third of April. From the 29th of March to the opening of the Lake small boats plied between St. Paul and Red Wing, carrying passengers and mails. We append a

By the President of the United States of America.

A PROCLAMATION.

It has pleased Almighty God to prolong our national life another year; defending us with His guardian care, against unfeigned and unprovoked attack. We are still in His hands, and stand in safety and soundness over the ocean my who is of our own household. It has also pleased our Heavenly Father to favor, as well our citizens in their houses as our soldiers in their camps, and our sailors on the rivers and seas, with unusual health. He has largely augmented our free-poor, by emigration to the West, and the world over, so as to open to us new sources of wealth, and has crowned the labor of our workmen, in every department of industry, with abundant rewards. Moreover, He has been pleased to animate and inspire our minds and hearts with fortitude, courage and resolution, sufficient for the maintenance of our cause. The cause has been brought to our adherents as a nation to the cause of freedom and humanity, and to afford to us resolute hopes of ultimate and happy deliverance from all our dangers and afflictions.

Now, therefore, I, Abraham Lincoln, President of the United States, do hereby command and direct, that on the 25th day of November, and every day which I desire to be observed by all my fellow-citizens, wherever they may be, as a day of Thanksgiving and Praise to Almighty God, the beneficent Creator and Ruler of the Universe. And I do further command to my fellow-citizens, wherever they may be, to observe this day, to do reverence to the God of our fathers, and to call upon Him for His blessing and protection. Officers and men, go forth with the confidence and courage of men who have been brought to the Cross of Events, for a return of the innumerable blessings of peace, union and harmony throughout the land, which it has pleased Him to assign as a dwelling-place for ourselves and for our posterity through all generations.

In testimony whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington, this twentieth day of October, in the year of our Lord one thousand eight hundred and sixty-four, and of the independence of the United States the eighty-ninth.

[L.S.] ABRAHAM LINCOLN.

WILLIAM H. SEWARD,
Secretary of State.

NEWS ITEMS.

—One of Mosby's men was arrested Wednesday night in Baltimore. On his was found eighteen hundred dollars, in the identical package as they came from the Treasury, of the money taken from two paymasters recently, on the Baltimore and Ohio Railroad. He says his share was twenty-two hundred dollars, being twenty-five to divide among the rebels, and was as regular as a rampart politician, and was regularly assessed preparatory to voting next week. His confession implicates others.

—A clerk sleeping in one of the government offices at Memphis, at an early hour on morning recently, dreamed that the rebels were in town, and rushing in a somnambulistic state to the armory, alarmed the guard. The stars spread, and created no little apprehension in that vicinity. It soon subsided and a hearty laugh was had at his expense.

—A substitute in Baltimore, a few days ago, swallowed four one hundred dollar notes, part of his bounty, in order to conceal the money from the Provost Marshal. An enema was administered with results highly satisfactory to the author.

—"The cradle and the grave," as Grand says, have surely been robbed in Texas to furnish men for the rebel army. At Camp Ford the rebels had a blindfolded and hump-backed guard, their able-bodied men being pressed into active service.

—A gentleman in New York lost his arm the other day by carelessly resting it partially outside the window of a horse car in which he was riding. A passing wagon struck it, shattering it to the shoulder.

—At Vicksburg, the rebel authorities having sent a Union family to our lines as "traiors to the Confederate cause," and confiscated their property, General Dana sent a family of rebel proclivities to the Confederate lines, confiscated their house, and given the use of it to the exiled Union family.

—Charles Windsor, the defaulting teller of the Mercantile Bank, New York, is understood to have gone to Europe. He lived on Staten Island, drove fast horses, and was engaged in speculation; while his wife was reported to be in possession of a handsome fortune in her own right.

—According to a California paper they have a queer currency at Ovensville—across. Business men got along very well until the Indians began to lay up their stores, when the currency became deranged and a panic ensued!

—Paris claims to have sent \$11,000,000 worth of silk to this country last year.

The Union Victory in Dakota.

The Unionists in Dakota are in ecstacies over their recent victory which they seem to regard as a little more sweeping than anything that has yet occurred, unless it be Sheridan's victory in the Valley, or Grant's capture of Vicksburg. Some idea may be formed of their feelings from the following, which constitutes the display heading of an article in the Yankton Dakota announcing the result:

Another glorious victory! Maine! And Vermont nowhere. Dakota ahead! The New Englanders are in a fever. Walter A. Burleigh elected delegate to Congress! He carries every organized county in the territory! Union county gives 28 majority! Clay county gives 36 majority! Yankton county gives 77 majority! Todd county gives 19 majority! Charles Mix county gives 16 majority! Five counties give Dr. Burleigh a majority! Not a single opposition to Dr. Burleigh! Not a single opposition to Dr. Burleigh! Yankton county gives the opposition but 16 votes! The National Union party out of the woods! Now let's cross!

[Here follows the cut of the inevitable resolution.]

GEN. BUTLER IN NEW YORK.

Writhing of the Copperheads and Secessionists—Model Regime.

From the New York Times, Nov. 7.

On the General's arrival in this city he first went to the Fifth Avenue Hotel, but the business of his headquarters requiring more room, than was provided, he then moved to the Hoffman Hotel, in the corner of Broadway and Twenty-fifth street. In this new and splendid house, the General and his staff occupy twelve rooms on the first floor, and a suite of rooms on the second occupied by General Scott. Mrs. and Miss Butler are with the General. Three of these rooms are used as offices for the numerous staff secretaries and officers. In the central office is a telegraphic apparatus, which is to be used in every camp and station over the ocean my who is of our own household. It has also pleased our Heavenly Father to favor, as well our citizens in their houses as our soldiers in their camps, and our sailors on the rivers and seas, with unusual health. He has largely augmented our free-poor, by emigration to the West, and the world over, so as to open to us new sources of wealth, and has crowned the labor of our workmen, in every department of industry, with abundant rewards. THE CITY.
DESERTIONS.HISTORICAL SOCIETY.
The Meeting Last Night—Valuable Presentations.

Five Bounty Jumper Deserters to be Shot to Death at Fort Snelling.

The Sentence Communicated to them Yesterday.

A report reached us from the Fort last night to the effect that five deserters are under sentence of death at that post. The Court Martial which was recently in session in this city had a number of cases of desertion for trial. As the findings of the Court could not be disclosed until they were approved, the result of these trials has just transpired.

As we are informed, five bounty jumpers, enlisted under the last call of the President, and after securing their bounty deserted. Three of them, at least, belonged to Hatch's Battalion.

They were arrested, tried, convicted, and sentenced to be shot to death. The President's approval of this sentence was received on Saturday, and yesterday the sentence was communicated to the unfortunate men at the Fort by Col. Brydell. Three of them are to be shot on the 28th of this month, and the other two on the 5th of December.

The evil arising from desertions, and especially from this class, is so great as to render it important that the extreme penalty of the law be meted out to the offenders. Bounty jumpers make it their business to go from place to place, enlisting at the highest possible figure, and then deserting, to repeat the operation elsewhere. The fearful fate of these men should be a warning to all deserters to return before it is too late, and every soldier in the field should profit by its lesson.

STAGE ACCIDENT.

The Rochester Coach Upset—A Lady's Collar Bone Broken and Another Passenger Severely Injured.

The coach from Rochester, due here Saturday night met with quite a serious accident during the forenoon, about five miles the other side of Pine Island. The stage was very heavily loaded, having twenty passengers, men, women and children, in and upon it, and in turning a short curve it was suddenly upset. Fortunately no lives were lost, though some of the passengers were seriously injured.

Judge Spear, of Patterson, New Jersey, one of the owners of the Merchant's Hotel Block, was on his way to this city, accompanied by his wife, for the purpose of spending the winter here. His wife, who is quite an elderly lady, had her collar bone broken and was otherwise considerably injured. Her injuries, which were more severe than those of the other passengers, compelled her to remain at Pine Island.

Mr. W. M. Collins, of Chicago, received a severe cut in the thigh and He was, however, enabled to proceed and is now at the Merchant's.

Col. McLaren, of the Second Cavalry, was among the passengers and received some bruises but nothing serious. Every one on board was more or less injured, but the cases mentioned comprise the most severe.

POLICE COURT.

The "Regulars" Contribute to the Aldermanic Salaries—Smith, Jones &c.

The death at the Police Court was relieved yesterday, it being monthly pay for the voluminous, multitudinous, voluptuous and numerous Richland and Burton families, who somehow will violate ordinance No. 10. Rose Richland, Fanny Richland, Howard Richland, Frank Richland, Amanda Richland, Nelly Richland and Norah Richland contributed eighty-five dollars towards the three hundred dollar salaries of the Aldermen, the old lady, Rose, paying \$25, and each of her daughters \$10. That's a large family, but they must be awfully wicked.

Nellie Burton having had a little money by, gave the City Fathers \$25, while her lovely daughters Rose Burton, Anna Burton, Jessie Burton and Seely Burton, each donated \$10. That makes a grand total from both families of \$150, just half an Alderman's salary. They will have to cut copper, if they can borrow any, for the amount, but the winning Alderman should consider the terrible remark of an author, now but little known, who said, "The wages of sin is death."

But that insatiate monster, Justice, was not satisfied with this and must needs bring forward the veritable John Smith. He hails from Stillwater, and has been among the Indians, which accounts for his singular name. The snowstorm Sunday night had a disastrous effect upon him. It went to his head and then struck in, making him quite pugnacious, but a residence in doors and payment of twelve dollars for his lodgings cooled him off.

Joseph Hunt was one of the ordinary three dollar chaps, but his greatest affliction was a short memory and he could not find any money to pay his fine. The commitment was accordingly issued and he was inside the county jail when he suddenly thought of himself of a pocket he had not searched, and discovered seventy dollars therein. That defective memory will be the death of him yet.

John Keyes and John Jones, a couple more of the three dollar fellows, who didn't do much of anything, and if they did it wasn't proved, closed the calendar.

Plymouth Church Supper.—The ladies of the Plymouth Congregational Church announced, in another column, their arrangements for giving a supper at Ingersoll's Hall, Thursday evening. Tickets are placed at the low sum of \$1.50, which includes supper. They can be obtained at Little's Book Store, and Murgin's Music Store. The Great Western Band will furnish music.

THE SAINT PAUL DAILY PRESS, TUESDAY, NOVEMBER 15, 1864.

The regular meeting of the Minnesota Historical Society was held at the St. Paul Library Room, last night, Hon. H. M. Rice presiding.

The collections of the society were materially increased by a number of presents. Hon. H. P. Usher, Secretary of the Interior, through Mr. Rice, presented the "American Archives," nine volumes; one set of "The Annals of Congress," forty-two volumes, and one set of "American State Papers," seventeen volumes. Two volumes of "Diplomatic Correspondence," were received from Secretary Seward.

Mr. R. O. Sweeny, of this city, presented a shovelled nose-sturgeon, neatly stuffed. It is about four feet long, and was caught in the river near the city. He also presented a pair of shoes and a pair of sandals brought from Japan by Perry's expedition, and an Axton idol. The sandals are made of rushes, and the shoes of plaited grass, with rush soles. The idol was found in a mound near Acapulco, Mexico, during the Mexican war, by Col. Wm. H. Davis.

At the last meeting a letter was read from Hon. Thomas Sinton of Winsor, stating that a fossil had been found in that country, and would be forwarded to the Society. It was exhibited last night and proved to be the task of a madman. It is considerably broken, but sections of it remain intact.

A resolution was adopted, inviting Hon. H. M. Rice to address the society at its annual meeting on the second Monday in January.

Messrs. McMaster, Mattocks and Kersey were appointed a committee on the publication of Annals. No other business of importance was transacted.

District Court—Fourth Day.—The first jury trial of the term were taken up yesterday.

Nathan Myrick, administrator of the estate of G. V. Garvie, deceased, vs. John Wagner, G. L. Otis for plaintiff, Wm. P. Murray for defendant—jury trial.

Garvie sold goods to Wagner in the Indian country, for which the latter did not pay, and suit was brought to recover damages. Verdict for the plaintiff, \$150.00.

D. A. J. Baker et al., vs. The City of St. Paul, Sherburne and Clark for plaintiff, S. M. Flint, City Attorney, and H. J. Horn for defendant—jury trial.

Suit brought against the City for trespass in entering upon land to cut out streets. This trial was not completed yesterday.

The undersigned would respectfully all the members of the Bar of St. Paul, and the surrounding country, to call their attention to the following facts: Clothing and Furniture, goods, which will sell at wholesale and retail, at greatly reduced prices from what the same can be bought for anywhere in the eastern market.

Also, gentlemen's OUTFIT and BEAVER CATS, GLOVES & COLLARS, BUFFALO & FANCY SLEIGH ROPES, C. ATE, &c.

MESSAGE OF JEFF. D. T. DAWK.

THANKSGIVING PROCLAMATION.
By the Governor of Minnesota.

In compliance with the wishes of Minnesota, the recommendation of the President of the United States, and the sentiments of the Christian people of the land, I, STEPHEN MILLER, Governor of the State of Minnesota do appoint Thursday, the twenty-fourth day of November, inst., as a day of solemn and public Thanksgiving and Praise to Almighty God, and to thank him for the abundant temporal blessings and temporal and spiritual mercies which have been vouchsafed to the people of Minnesota.

He has preserved the existence of the nation, and upheld the freedom and domestic happiness of the people, and, by many recent victories in the field, has placed the brand of His disapprobation upon the atrocious rebellion against the Government of the United States.

He has enabled our gallant soldiers, and the brave and deadly martial incident to take place, to place the name of Minnesota among the foremost records of the cur- rent history of the world.

It is the strenuous and untiring efforts of our soldiers and citizens to secure a lasting and honorable peace upon the basis of a perpetual Union of all the States submitted to the constitutional authority of the Federal Government, the unconditional recognition of the cause of the Union, and "Freedom throughout all the land."

While several of our sister States have been devastated by hostile armies, or prostrated by a failure of harvest, our borders have been mercifully protected against the incursions of the dreaded savage, and a remunerative return has blessed the labors of our husbandmen.

We should therefore not only rejoice in our efforts with thanksgiving and praise, but also due contribution and humility if we are to acknowledge our manifold personal and national transgressions and to seek for pardon through the infinite merits of him "whom the just for the unjust bring to us."

In token of which, we do hereby command that the day be observed as a day of thanksgiving and prayer for the welfare of my people.

STEPHEN MILLER,
D. BLAFKELY, Secretary of State.

MIS. LINCOLN'S MAJORITY OVER 400,000.

The newspaper returns that we have received make it evident that Mr. Lincoln's majority will certainly be over 400,000.

In 1852 Pierce received a majority of 55,000 of all the votes cast. In 1856 the majority against Buchanan of all the votes cast was 413,760. In 1850 the majority against Lincoln of all the votes cast was 355,628. In 1864 Mr. Lincoln is re-elected by a majority of over 400,000 of all the votes cast—the largest popular majority ever given to any President.

Not a single Free State voted against Lincoln in New Jersey, which is not a State in any proper sense of the term, but at a railroad, an appurtenant of the Camden and Amboy Railroad monopoly. The only Slave State outside the rebellion voted against him. All the slave States which have recently emancipated their slaves voted for him. This is it should be. Freedom is everywhere for the Union. Slavery is everywhere against the Union.

Of the 231 votes cast in the Electoral College, Mr. Lincoln will receive 210. Never was President so magnificently sustained by the people!

BEFORE AND AFTER.

As a specimen of the huge lying by which the Copperheads, led by the Copperheads, read this from the New York World before the election:

"Let not the world doubt regarding us; we have no desire to mislead our friends, but we assure them that we are convinced that, with a full knowledge of the facts, the election will be decided in our favor."

Our accounts from every portion of the country are unanimous in the report of great demoralization. The Copperheads have heretofore entries the date of decided Democratic majorities in districts divided. The parties have been almost equally divided. The Copperheads, who have no desire to mislead our friends, but we assure them that we are convinced that, with a full knowledge of the facts, the election will be decided in our favor."

As a specimen of the monstrous impudence with which these rascals now avow the cheat they have been practising, read the following from the New York World after the election:

"An almost 'honest fight from the beginning,' it has been made by him connected to the bitter end."

Now if anybody is hereafter fool enough to put faith in the assurances of such a journal, he deserves to be its victim.

POWER BEHOLD FROM OLD—
STEAD GROW BETTER.

Returns from eight townships of Mower county are published in the Mower County Register, showing a majority of 390 for Lincoln. The Register says the Union majority in Mower is about 330, which is fifty less than our estimate.

On the other hand, old Olmsted, instead of 900 majority, as first reported, gives 1,032, according to the Rochester Post.

This makes Lincoln's majority in this State, 7,500. Returns from a very few sparsely settled frontier counties may possibly increase it to 7,600. In proportion to population, this is equivalent to 130,000 in the State of New York. Who says this is not a Union State?

ST. LOUIS COUNTY RETURNS.

Editor St. Louis Co., Nov. 10.
Returns from two townships—Duth and Oneota—total up, Lincoln 33, McClellan 5. One township, to hear from—Fond du Lac—will probably give 8 votes for Lincoln, McClellan 0.

Very respectfully,
SIDNEY LUCE.

The New York Times of November 2d says: We have reason to believe that arrangements of an official nature have been made for the early release from all Government restrictions, of a large amount of cotton, of both the old crops and the new, now held, but not yet gettably owned, in the Southern States; whereby it can be marketed at once either for supply of our Northern mills or shipment to Europe.

THE CENTURY CLUB.

Meeting in Honor of Mr. Wm. C. Bryant.

Celebration of his Seventieth Birth-Day.

From the N.Y. Review Post.

No more graceful and cordial tribute of respect has ever been paid, in this country, to a literary man, than that which was given on Saturday evening last to Mr. Bryant, by the members of the Club, and the association of his attending the seventieth birthday. Since the formation of the Club Mr. Bryant has been an active member, seldom absent when in town, from its regular monthly meetings, and always taking a deep interest in its welfare. It was therefore evident that the Club and probably from no other source could Mr. Bryant have so pleased to receive it. Without a painful demonstration it yet possessed the power which cleared the air, and which, I trust, will clear the sky.

I lay out the following poem:

WATERS' ALBUM.

The presentation to Mr. Bryant of a portfolio, containing sketches by more than forty artists, members of the Century, was then made by the President. Each sketch was a portrait and pleasing remarks; and poems were read by Mrs. Howe, Mrs. of Philadelphia, and Oliver Wendell Holmes. The latter was filled with sparkling gouts of thought, and was especially applauded.

THE CITY.

The Weekly Press is ready for delivery at our counting room this morning. It contains full election returns from the State and country; an interesting letter from Missouri; a detailed account of the horrible murder in Dakota County; full particulars concerning the deserters condemned to be shot to death at Fort Snelling; navigation statistics; an account of the destruction of the pirate Florida; some particulars of Sherman's movements; editorial matter &c. Price one cent in wrappers.

THE ROSENBLUNT MURDERERS.

Conclusion of the Examination and their Commitment to Await their Trial for Murder in the First Degree.

Their Incarceration in this City—Appearance—History, &c.

The readers are already familiar with the details of the horrible murder which was committed in Hennepintownship, Dakota county, on the 9th inst. On the 9th, two of the alleged murderers, Theo Eagan and Patrick McHugh, were arrested and taken to Hastings, where their examination commenced on the day following, before Justice Marshall. Mr. T. R. Huddleston, District Attorney, assisted by Mr. Van Slyke, conducted the prosecution, while George Smith, Willis A. Gorman, and F. M. Croley, defended the prisoners. The examination lasted five days and was concluded Tuesday night, resulting in the prisoners being committed to jail to await their trial for murder in the first degree.

In accordance with this decision Sheriff Newell, with a posse of six men, brought them to this city yesterday to be confined in the Ramsey County jail. They were heavily ironed and strongly guarded, rendering escape impossible. We visited them in jail soon after their arrival and found them in good spirits and confident, and we are sure, that some who goes will regret it. The tickets are \$1.50, but that it should be remembered, covers every thing, there being no extra charge for tables. The Great Western Band will enliven the evening with music. Tickets can be obtained at Little Rock Store, Manger's Music Store, and at the door.
